HASSLE-FREE ACCESS CONTROL.**

Secure. Dependable. Effortless.

AirAllow®

Modern Gym Safety

With AirAllow, members and guests can access the facility anytime with the convenience of their phones and the safety of lock-behind automation.

Membership Levels for a Broader Member Pool

- Special Memberships Based on Frequency
- Specialized Equipment & Services
- Peak Pricing with NO Hassle
- Great for Training sessions

With AirAllow, time and/or count-based guest invitations are easily assigned, electronically sent, and automatically controlled with a click from anywhere. No need to monitor entry!

Gentle Capacity Control

With AirAllow flexible scheduling and automated access control, there is no need for training staff to monitor who enters when. When capacity limits are used, the system can automatically limit access.

Reduce Unauthorized Access

- Phone-Based Access System
- Best Safety for Customers & Employees
- Limit Membership Sharing
- Secure Authentication
- & Tracking

LOCK OR UNLOCK ON A SCHEDULE

NO KEYS OR CARDS TO MANAGE

REMOTELY GRANT ACCESS

COMMERCIAL GRADE SECURITY

NO DEFACING

With AirAllow, the phone capabilities (such as biometrics) can be used for authentication and limit membership sharing and unauthorized access.
